

EDUCATION SECRETARIAT

Dated 5th September 1952.

No. E. 7737—Edn. 83-52-3. A copy of letter No. 9(8)-Tech.—52, dated the 18th August 1952, from the Deputy Secretary to Government of India, Ministry of Finance, together with its enclosures regarding the United Nations Economic Development Fellowships and Scholarships for 1953, is herewith published for general information. The intending candidates may submit their applications—eight copies—to the Secretary to Government, Education Department so as to reach on or before the 18th September 1952 through proper official channel in the case of those who are in Government service and in the case of those not in Government service they may send their applications direct to the undersigned.

Application forms may be had from the Secretary to Government, Education Department, by sending requisite postal stamps to cover the postage.

By Order of His Highness the Maharaja.

M. S. SWAMINATHAN,
Secretary to Government,
Education Department.

4312

No. 9(8)-Tech.—52.

GOVERNMENT OF INDIA.

Ministry of Finance.

(Department of Economic Affairs.)

New Delhi, the 18th August 1952.

From

Shri O. K. Ghosh,
Deputy Secretary to the Government of India.

To

The Chief Secretaries of all State Governments
(Part A, B and C States).

Subject :—United Nations Economic Development Fellowships and Scholarships Nominations for 1953.

Sir,

The State Government is, no doubt, aware that the United Nations have a programme of fellowships and scholarships for training and study abroad for the following :—

- (i) Fellowships in the field of Economic Development under General Assembly Resolution 200 (III).
- (ii) Fellowships and Scholarships for Public Administration under General Assembly Resolution 246 (III).
- (iii) Fellowships and Scholarships under the expanded programme of Technical Assistance for Economic Development.

The purpose of the Fellowships is to enable the eligible governments to send suitably qualified personnel to countries where special facilities exist for observation, higher training or advanced study of a kind which would aid in the economic development, social development or the betterment of the requesting country by the course of higher training to be imparted to the Fellow. The Fellowships are normally for a period of three to six months duration.

The purpose of the scholarships is to enable governments to send their promising graduate students, junior technical personnel or member of Civil Services to study abroad in technical and other training institutes of more highly developed countries. The scholarships normally are for one year.

2. The Fellowships and Scholarships which are likely to be provided in the fields are indicated in Annexure 'A' printed. The qualifications of the candidates eligible for the Fellowships and Scholarships are indicated in the Annexure 'B' printed.

3. The financial arrangements of the Economic Development Fellowships and Scholarships are that the requesting governments are normally expected to assume responsibility for a substantial parts of the costs of Fellowships and Scholarships in regard to their nominees and at least that part which can be paid in their own currencies. The United Nations authorities, therefore, desire that in submitting the nominations it is to be stated as to what extent governments would make contributions. The

recipient government is required to provide or ensure that satisfactory arrangements are made to provide—

- A. (i) all expenses within the Fellow's or Scholar's home country incidental to travel abroad, including the expenditures for passports, visas, medical examination, clothing, internal travel, etc.;
- (ii) any advances necessary to enable the Fellow or Scholar to make such other preparations in his home country as may be necessary before he leaves his country;
- (iii) cost of travel, fifty per cent of the cost of passage to the country of observation and back.

N.B.—The United Nations authorities have stated that under no circumstances should any part of this cost be borne by the candidate concerned, and in all cases it should be borne by the authority sponsoring the candidate.

B. Subject to agreement, in the light of the paragraph above, between the United Nations and the Government concerned, the United Nations will provide—

- (i) a monthly living allowance of from \$ 135 to \$ 300 to each Fellow and of from \$ 100 to \$ 200 to each Scholar in the local currency of place of study. The rates vary in relation to the cost of living in the countries of observation. (This allowance is intended to cover normal living expenses and is reviewed from time to time in the light of changes in exchange rates and in the local cost of living situation);
- (ii) essential travel within the host country, up to a limit will be determined for each country of observation; and
- (iii) a limited amount for the purchase of indispensable technical publications.

4. The United Nations authorities have intimated that applications for training in 1953 under the Fellowship and Scholarship programme should be submitted by the first week of October, 1952. I am, therefore, to request that if the State Governments are interested in making any nominations for the 1953 awards, seven copies of the same may be sent to the International Aid Co-ordination Unit, Department of Economic Affairs, Ministry of Finance, positively by the 25th September 1952, on the attached form, Annexure C). It will not be possible to consider any requests received after that date.

Section A of the application form should be left blank to be filled in by the Government of India. Sections B and C are to be filled in by the candidate. Section D will be filled in by the Government of India in the light of the observations made by the Central Selection Committee. It is, however, requested that for this purpose details asked for in Section D should be submitted by the sponsoring authority on a separate sheet. Section E of the application form is to be filled in by the Doctor.

5. It is requested that the requirements of the Educational Institutes and Laboratories should also be taken into account.

Yours faithfully,
PREM NARAIN,
Assistant Secretary to the
Government of India.

Annexure "A".

GENERAL.

- 1 Combined resources development of an area or region, including the economic and technical as well as the organizational and administrative aspects.
- 2 Community organization for economic development.
- 3 Cartography for development (this field of study is also available under social development).
- 4 Photogrammetry use of aerial photographs in resource appraisal.

Annexure 'B'.**QUALIFICATIONS FOR CANDIDATES.**

(a) Economic development and public administration fellowships are open to men and women who already have considerable experience in activities related to economic development or to public administration, and preferably to those now engaged in such activities who after completion of the period of observation, undertake to return to work in a field directly related to the subject of the fellowship studies. It is expected, therefore that Governments will

nominate for economic development and public administration fellowships, candidates who have had at least five years' relevant professional or technical experience. In exceptional cases, Governments may nominate candidates with less experience, attaching a special note of explanation.

(b) Social development fellowships are granted to suitably qualified social welfare officials to enable them to observe and familiarise themselves with the experience and practice of other countries in the field of social welfare, thus gaining additional knowledge of new social techniques of value to the home country.

(c) Economic development and public administration scholarships are open to graduate students and to junior men and women who already may have had some experience in the activities referred to in paragraph (a). It is expected that Governments will nominate candidates who have had technical training and at least two years' relevant professional or technical experience. In the field of public administration it is expected that Governments will nominate their most promising junior civil servants.

(d) Social development scholarships will be reserved for candidates from countries having no appropriate specialised training facilities in the subject for which training is desired. These scholarships are intended for persons preferably with some experience in social welfare or related fields who have not had professional training in social welfare.

Annexure "C"

UNITED NATIONS FELLOWSHIPS AND SCHOLARSHIPS NOMINATION FORM.

1. INSTRUCTIONS.

SECTION A:—To be completed by a responsible official of nominating Government who will forward the certified nomination forms in triplicate to the United Nations as directed in the covering brochure.
